OUR EXPERTISE

We are a leading provider of Project Control & Estimating services, offering a team of elite professionals with expertise at all levels. Our focus is on serving the Energy, Utilities, and Industrial industries, with solutions ranging from augmented staffing to turnkey controls solutions.

We are aligned closely with our clients, which enables us to provide unparalleled flexibility in meeting their needs. In addition, we have forged partnerships with industry-leading technology firms, to provide our clients with innovative tools and processes for enhancing their operations.

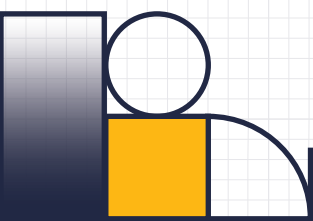

OUR MISSION

Our mission is to be industry leaders and a trusted source for Estimating, Scheduling, Cost Controls, & Change Management solutions by investing in our People, our Clients, and our Communities.

We achieve this through the strategic integration of premier talent, and top technologies, prioritizing local solutions, following best practices, and an unchallenged dedication to delivering high-quality services aligned with our client's goals.

OUR TEAM

Our team is renowned for its proficiency in regulatory budgeting and document control, which has enabled our clients to secure funding year after year. We are a minority-owned company that is deeply invested in our communities, and we seek to build lasting relationships with those who share our vision.

At the core of our business is a commitment to excellence and a drive to deliver results that exceed our clients' expectations. We are passionate about leveraging our industry expertise and cutting-edge technology to help our clients overcome their most complex challenges. Our team's proven track record of success, combined with our unwavering dedication to quality, make us a trusted partner for businesses seeking to optimize their project outcomes.

SAFETY

We place the utmost importance on the safety of the client, our crew, and the surrounding community. That is why every project starts and ends with safety in mind.

COMMUNITY

By considering our impact on the community and the environment, we uplift the future of both. Through outreach, we support STEM education initiatives that create opportunities for under-served and female students.
